

WHAT WE DO

Cullum Design offers an interior furnishing service designed specifically to assist property owners gain the maximum from their property; whether it be a show home within a development, a private residential sale requiring staging or a time pressed investor looking for a bespoke furniture package.

Our in-house designers will create an interior that will enable you to maximise on your property's return in terms of quality, finish and cost.

Attention to detail is paramount. Each project is individually tailored to the brief and budget in order to maximise on your investment, whether you are looking for Purchase or Rental options.

As a small family business we deliver exceptional service:- from collecting keys, overseeing logistics, to liaising with agents to make sure deadlines are met.

OUR SERVICES INCLUDE

Home Staging and Dressing Services

Relocation Services

Furniture Packages

“Cullum Design offered a superb staging service - a very good mix of interior design and well chosen furniture. The project was run smoothly from start to end, with no problems or issues along the way. I strongly recommend them.”

HOME STAGING

Working alongside influential property developers and renowned estate agents, Cullum Design delivers an exceptional home staging and furniture rental service, with many projects being featured in high end lifestyle magazines.

By working with each project in a 'turn key' approach, we will dress your property to suit your budget and brief.

Staging your property is a quick and effective way of enhancing its presentation to get the maximum return on your investment. This service is ideal for developers and private clients looking for an economic method to showcase their property at its best.

From London townhouses to multiple units in development, staging and interior styling is now considered an internal part of the marketing process for sale or lettings, helping applicants to see your project at its full potential.
