ABOUT US

Cullum Design is a family business that has been established for nearly 30 years. Over this time we have styled many properties with a range of briefs, all to assist property owners in achieving maximum return from their assets.

SERVICES

Home Staging & Property Dressing:

Using our own in house team of stylists, porters, picture hangers and vehicles, and items from our extensive stock, we aim to have the property completed and dressed within a few days of installing and the transformation is striking. Having completed the staging of the property the agent will be in a position to photograph for marketing and your property will make a stronger first impression both on the internet and for viewings.

Relocation:

For clients that are relocating to the UK and renting an unfurnished property, this is an essential service. Working with prime property, we can have a property turned into a home in a matter of days. A full turn key service is available.

Furniture Purchase:

Whether you are a landlord looking to purchase for a buy to let and need a creative and stylish interior or a client who has purchased a new home, our stylists can create a design interior, overseeing the purchasing. With the trade accounts that we have we pass to you some of the discount therefore saving you money too.

Interiors Consultancy:

Ideal for landlords who need assistance to upgrade to their property and create a design look.

Move Management:

Our stylists are available to assist clients moving into their new home to create a stylish interior.

Mildmay Grove North
Islington, N1
Agent: Yopa

Refurbished flat in Hackney,
styled using a more relaxed and
rustic vibe to suit the East
London market.

Trelawne, Guildford
Agent: Knight Frank

Refurbished new build family house, dress for sale, styled using a mix of classic & contemporary items.

Marsworth, Aylesbury

A selection of twelve new build units where Cullum Design were asked to dress the show home. As the house was located near the canal in the Oxfordshire countryside we kept it rustic in feel by using natural woods, countryside inspired floral arrangements, baskets of wood and linen cushions. The show home sold quickly and we were then asked to dress a further unit.

Country Houses Nationwide

Styling country houses around the UK, our large collection of antique and classic furniture means we can dress country houses & traditional townhouses.

The country houses that Cullum Design have styled have featured in many high end interior magazines for example World of Interiors, House and Garden, Homes and Antiques and more. Cullum Design have dressed houses from Scotland to Somerset, Brighton to Bath. We cover the whole of the UK.

Cullum Design can also hire items as props for film & photoshoots.

Natalie also offers her interior styling services for photoshoots.
