

# Cullum Design Company Ltd

*Passionate about curating luxury spaces at affordable rental prices.*

## Approach

Cullum Design transform empty rooms into exciting living spaces, creating an atmosphere that connects with people, through the curating of spaces using interesting and unique pieces carefully chosen and styled from our large collection of items.

With our own in-house team of designers, stylists, porters, picture hangers and vehicles, as well as carrying our own stock, we can turn projects round within a few days, delivering an exceptional service with uttermost professionalism and discretion.

Our experience is wide ranging - from London's finest townhouses to one bed newbuild units in blocks, and with 30 years of interior styling, our knowledge is immense.

Our clients; property owners, investors & developers know that property dressing is now the final stage when bringing a property to market and they trust Cullum Design deliver.

## Testimonials

*“Had a great experience with Cullum Design. Very professional, knew exactly how to stage the house to get the best results and house sold within a few weeks.”*

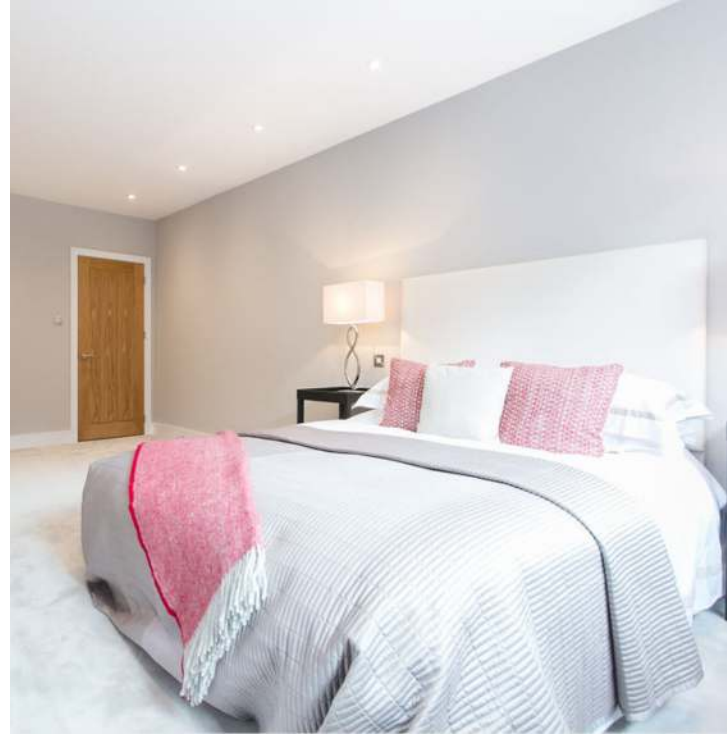

**Client, March 2019**

*“Could not recommend Cullum Design enough. As the estate agents for a property that wasn't getting much interest, the staging has changed the place completely and the positive feedback we are now getting from the viewers is exceptional. Their high quality and very detailed finish from the furniture to the paintings has definitely turned some heads. They have done a truly amazing job.”*

**Client, September 2018**

*“Cullum Design was very professional in their approach, knowledgeable, and efficient. The budget and deadlines were met. Contributing towards a prompt sale of the house in Chelsea.”*
